Ruqya for Burning sensation:

Recite the above ruqya into a glass of Rose water. It is recommended to recite each part 7 times (This is not compulsory, you can recite less or more than that. Repeating the recitation in odd numbers are always better as Allah loves odd). Drink 3 sips from it and apply (rub) the remaining water where the burning sensations are. Continue this ruqya for 7 days or until you are fully recovered. In sha Allaah, burning sensations due to Jinn, Black magic, Evil eye or due to other illnesses will be cured.
